Like ships that pass in the night, incidents occur on our streets near the midnight hour that the public never hear of. The neighborhood two miles east of Lapaz, is all stirred up over a ghost story, which is vouched for by a number of persons of North township, to be a fact. Death of Samuel Wise.

Samuel Wise, father of Adam E. Wise, of this city, died at his home in German township at about 9 o'clock Friday night. His death was caused by heart trouble and came without a moment's warning. He was building a house in Bremen which he expected with his family to occupy this fall, and had been in the town superintending its construction during the day. In the evening he returned to his home and after eating a hearty supper retired. A few moments after retiring his soul took its flight.

Mr. Wise was one of Plymouth's old settlers whose history is interwoven in that of the county. He came to this locality with his wife many years ago from the neighborhood of Akron, Ohio, and has resided here ever since.

He was the father of ten children only three of whom are living. They are A. E. Wise, of this city, Mrs. John Lidecker, of Bremen, and Mrs. Balsey, of South Bend. Besides his children and a wife he leaves several brothers, one in Illinois, two in Ohio and another north of Bremen.

He always applied himself to his farm work and has been very successful.

He was 65 years old but had never allied himself with any secret order. He was at one time owner of the Soace farm south of town but for the past quarter of a century has lived in German township.

The funeral was held Monday morning at the Lutheran church in this city of which he was a member. The remains left the house at 10 o'clock and were interred in the Stringer cemetery.
